

Calgary Rowing Club Boat Storage Policy

May 1, 2008 to April 30, 2009

Single scull: \$300.00

The Calgary Rowing Club (CRC) makes space available for members in good standing to store privately owned singles. The Boat Storage Policy was developed to provide a fair system for the allocation of new and existing spaces.

1. Boat Storage space is extremely limited.

Existing assignments will be given priority for renewal over new applications. Individuals storing singles on racks must be members in good standing with the CRC. This means all fees and dues owing have been paid in full by May 1st of each year. Failure to do so will result in immediate cancellation of existing shelving assignments and will place the member's Boat Storage Application at the end of the current application queue.

*Note: **Membership is defined here as a full year membership.** Partial year membership programs such as summer, winter and Student Memberships which are sometimes offered by the CRC are excluded from the Boat Storage program.*

2. The term of paid Boat Storage at the Calgary Rowing Club is twelve months: May 1 to April 30, annually. Boat Storage Fees will be determined by the CRC Executive in January of each year.

3. Requests for single storage must be made in writing and forwarded to the CRC office to the attention of the CRC Executive. Email requests will not be accepted. Requests will be placed on a Waiting List based on the date on which they were received.

4. The Waiting List will be posted in an area accessible to all members. The list will be updated periodically as new requests are made, cancelled or filled.

5. To be put on the waiting list a member must provide a \$150 deposit. This sum is refundable in the event the member decides to be taken off the list. If the member gains a rack spot, the sum is applied toward the storage fee.

6. When space becomes available, the first member on the waiting list will be notified and has seven (7) days to accept or decline the available space. If declined, the member's application will be cancelled. The member will be invoiced upon acceptance for the cost of storage, with payment also due upon acceptance.

7. With respect to shelf assignments, location-priority consideration will be given to members who have disabilities/special needs for handling their rowing shell.

8. No individual member may occupy more than one storage shelf at one time.

9. Articles that can be stored under this rental agreement include one boat, one set of blades and rigging. Shells and oars must be stored safely and economically. Shells and oars that compromise this rule due to length, width, weight or condition may not be granted storage space or may have their current assignment suspended or may have their assignment cancelled immediately as warranted by the situation.

10. Storage shelves must be kept neat. PFD's, clothing, towels etc will not be permitted to be hanging from shells and shelves.

11. Boat Storage shelves may not be sub-let out or loaned to another member/shell in lieu of the shell that was originally assigned to that particular shell/owner.

12. All privately owned equipment is stored at the risk of the owner. The CRC does not assume responsibility for damage, loss or theft of members' equipment stored on CRC premises. It is the responsibility of the member to obtain the appropriate insurance protection.

13. Rights to Boat Storage shelves that remain empty for a period longer than thirty (30) consecutive days will be cancelled unless special written permission has been obtained from the CRC Executive. If cancelled, the member may re-apply for storage as per paragraph 3 of this policy.

14. Owners who have been notified that their privately-owned oars, single and any other equipment must be removed from the CRC premises have thirty days from the Date of Notification (not the date of receipt) to remove same. Equipment that has not been removed within the time frame indicated will be moved to an outdoor boat rack or stretcher at the Owners risk.

Equipment which has been left on the premises after the stated removal period has expired for a period of twelve months will be considered abandoned and will be disposed as per the determination of the CRC Executive.

15. Any breach of this policy brought to the attention of the CRC Executive will be reviewed by the CRC Executive on a case by case basis to determine the appropriate consequence, if any. All decisions, including cancellation of a member's boat storage, by the CRC Executive are final and binding.

Questions about any of these guidelines may be directed to the CRC Office Manager.

Acceptance of these Terms and Conditions in full is a prerequisite for the granting or continuance of storage rights and is indicated by the Member's signature below:
